Certificate

Enclosed please find a revised certificate. The validity is now extended with another five years. A new model is also added, according to your request.

The certificate gives you the right to put SPs P̃-mark on the products which are covered by the certificate and fulfils the requirements in SP′s *Certification rules for fire resisting storage cabinets, SPCR 002*, http://www.sp.se/cert/cert_prod/spcr/spcr002.pdf.

The validity of the individual certificate is presuming that the production control is effective and prevent non-conforming cabinets to be marked with the P̃-mark and that the other conditions in SPCR 002 are met.

Yours sincerely,
